This is ALWAYS best presented in a table, and always include some words before and/or after the table with an explanation.

It is recommended for businesses that spend a significant portion of their money in the region, to determine the percentage of total contribution. Eg. '75% of all our expenses were spent in X region.'

b) *Consider the social benefits and involvement you have with your host/local community and the benefits in relation to your cultural tourism initiatives. For example, collaboration, balancing the needs of residents and visitors, preservation and protection, authenticity and engagement. Outline how your financial contribution/spending in the local economy has benefited the community. Select some interesting examples and tell several stories.

This is always best presented with a table and include some words before the table with an explanation of the table and your overall commitment to environmental sustainability and preserving cultural assets.
